

GUERRILLATEL® SET-UP, INSTALLATION & USER INSTRUCTIONS FOR

STEP 1.

Register for an account at <http://guerrillatel.com/signup.php>

Once you receive the confirmation e-mail, click on the link to confirm. If you did not receive the confirmation e-mail, please check your spam filter.

STEP 2.

Go to the <http://guerrillatel.com/> home page and log in as a GuerrillaTel member anytime to manage your account and reload your credits.

STEP 3.

Visit the following URL with your BlackBerry device to download and install the GuerrillaTel BlackBerry app:

<http://guerrillatel.com/bbapp/>

Or, visit BlackBerry App World and download the GuerrillaTel app:

<http://appworld.blackberry.com/webstore/content/3401>

Or, visit the Tools > BlackBerry section of the GuerrillaTel.com website to enter your email address to send the link to your BlackBerry device:

<http://guerrillatel.com/tools.html>

STEP 4.

Once installed, locate the app on your BlackBerry device (on newer models you will find it in your "Downloads" folder) and click on it to open and type in the following information:

- a. the User ID you chose in **STEP 1** above (it should be your e-mail address);
- b. the Password you chose in **STEP 1** above; and
- c. your full mobile phone number starting with the country code (e.g. +1 for US/CAN phone numbers, +44 for UK, etc.).

USING OUR BLACKBERRY APP

To place a call over GuerrillaTel's network,

- a. dial the full long distance number(e.g. +1 for US/CAN, +44 for UK, etc.); or
- b. choose a contact from your contact manager; or
- c. choose a phone number from your call log (recent numbers called list).

Then, press the BlackBerry "menu key"  and choose "Call from GuerrillaTel".
